

TASKSHEET for Session 2

Developing intercultural competence with young learners of English

TASK 3: Watch this video and try to identify which practices the teachers use to support multiculturalism and develop young learners' intercultural awareness in the classroom. Which practices could a primary school EFL teacher use in a Greek classroom?

TASK 4:

The organization «Action Against Hunger» did an interesting experiment to show us how children react when they feel the inequality between them. All 20 children who participated shared their food. View the video here: <http://www.videoman.gr/36279>

How can you use this video in a primary school classroom?
